GATE is a trans\* network coordinator, facilitator and advocate to the 'outside' world. GATE works to unite trans\* movements for common goals, while developing trans\* agendas on a conceptual policy level.

We assist trans\* movements and structures at the local, national and regional level, in order to facilitate the development of a new global networks of trans\* organizations. Important to the work of GATE is its support of constructive communications between existing groups and new audiences.

We have started a dialogue with the WHO, the UN and other international actors about the urgently needed reform of medical classifications of trans\* identities, which is erroneously referred to as a 'personality disorder'.

The International Foundation for Gender Education (IFGE), founded in 1987, is a leading advocate and educational organization for promoting the self-definition and free expression of individual gender identity.

IFGE is not a support group; it is an information provider and clearinghouse for referrals about all things which are transgressive of established social gender norms.

IFGE maintains the most complete bookstore on the subject of transgenderism available anywhere. It also publishes the leading magazine providing reasoned discussion of issues of gender expression and identity, including crossdressing, transsexualism, FTM and MTF issues spanning health, family, medical, legal, workplace issues and more.
